AIMC BOD (Zoom/COVID19) Meeting

Date: 3/17/20

PRESENT: Osa, Steve DeS., Lisa, Kathryn, Donna, Ken Munoz (representing SFF) Notetaker: Osa

| Agenda Item | Discussion | Action Plan |
|--|--|---|
| 8 | | (who, what, when) |
| Dana for Visiting teachers on Zoom | re: cancellation of Dave Smith visit, recognition of loss of income brief review of various ideas for teacher support | Lisa and Osa to proceed and report back. ::We decided to give Dave Smith \$500 in support of his 2 zoom talks (Durango gives \$250/dharma talk), and missed daylong. We took this action due to unexpected circumstances and don't want to use this as a precedent for routine scheduled events! ::Agenda item for next BOD meeting: What will our offering be moving forward for "visiting teachers" on Zoom? What is the difference between being on Zoom vs in-person?are we looking at proposing a guaranteed dana amount (Osa can present 2 models from other sanghas) |
| Do SFF want to do Zoom Thursday/sunday offerings? | Yes, with technical support Yes, and each will pick their own format (how long the sit, etc), keeping 6:30-8pm time slot Remembering that we can't have too much dharma, so invite some teachers to give a talk any night! | Donna will be scheduling co-hosts to do the technical support, and will develop "talking points" for zoom etiquette. Osa will contact Erin and Brian about offering AIMC a zoom session. |
| BOD communication when conditions are rapidly changing | some people left out of loop on deciding to close Rosemont | Be mindful of the balance between keeping people informed and that not everyone is checking email all day |
| Can AIMC offer pastoral care, not just dharma from "the front" | people attached to AIMC will have needs, may not feel able to ask, how can we reach them? | Osa will contact Cynthia/sangha care and Valerie to work on this (3/22 they have been contacted, and supplied with 'mutual aid society' materials) |
| Next meeting | consider meeting more frequently considering current conditions | We will plan to zoom 6:30 every Tuesday for several weeks, meetings might be brief, but we'll need to keep tabs on public health recommendations and other issues. |
